DETAILED ACTION

1. An amendment was received from the applicant on April 1, 2005.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 1 recites the limitation "the upper rear panel" in line 4. There is insufficient antecedent basis for this limitation in the claim. It is suggested by the examiner that the applicant correct "the upper rear panel" to read as "an upper rear panel" in order to provide proper antecedent basis for the feature claimed.

5. Claim 1 recites the limitation "the 2nd fastener" in line 11. There is insufficient antecedent basis for this limitation in the claim. It is suggested by the examiner that the applicant correct "the 2nd fastener" to read as "a 2nd fastener" in order to provide proper antecedent basis for the feature claimed.

6. Claim 2 does not end with a period in line 2, and is thus considered to be incomplete. Correction should be made to place claim 2 in the form of a single complete sentence.

7. Claims 3-9 are presented in independent form and do not end with a period, making them incomplete. It is clear from the format of the claims that the applicant intended to present claims 3-9 in dependent form, depending from claim 1, as does claim 2. Correction should be made to place claims 3-9 in dependent form by stating in each claim that it depends from claim 1, as was done in claim 2. Each claim must also be in the form of a single complete sentence.

Allowable Subject Matter

8. Claims 1-9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

9. Applicant's arguments with respect to claims 1-9 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 3617

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
